HARDING AND COOLIDGE NOMINATED

It took ten ballots to settle the fight for the Presidential nomination of the Republican party at Chicago last week. Senator Harding, of Ohio, was nominated for president and Governor Coolidge, of Mass., for Vice-President. The Senate clique ruled the convention and charges are made that Senators Johnson and Borah held up the regulars in true Western style.

The Democrats are satisfied and claim that the ticket can be defeated at the polls in November without the aid of a Republican split.

Now let the Democrats strike out to California, pronounce a platform of Democracy preserving American institutions and personal liberties of the people.

Buckingham

We can remember seeing wheat harvest begin as early as the 10th of June, but the season is late this time and the harvest will hardly get under way before the 20th.

We are enjoying June apples cooked fresh every morning for breakfast. We have ten pounds of sugar, and plenty of golden butter, and plenty of nice fried ham and eggs.

One of my best tenants came to get corn and money, so that he could keep on plowing his crop; and he got both.

I let working men have hay, flour, corn, and in fact anything on the farm for labor; but when they come with the money, it is with me like it is with them—it has little attraction.

Attracted by the high prices veal calves were selling for a few weeks ago, many people fattened their calves ready to ship, and now prices have declined so that it does not pay to ship them. I paid $5.45 expenses on the last veal I shipped in a crate, but if they are shipped by released freight the charges are only 60 cents.

Prof. Henry Groseclose and his wife leave this week to be gone about a month. Beginning with the first of July Mr Groseclose will get $180 a month for the next twelve months as his salary from the State.

By agreement of the parties concerned, a lot of corn over which there was a controversy was sold and the money is to be deposited in bank until the case is decided in court.

My neighbors laugh at me for only raising wheat every other year. But it is so difficult to get harvest help and to get wheat threshed, that I raise enough in one year to last two years, and then lend the flour out and get new flour for it.

I hear that a price of $3 a bushel is being offered for the new wheat crop.

See W W Haskins if you want the best butter cow you ever had.

Get busy and work the tobacco and make it grow out of the way of destructive worms.

Miss Louise Harry, of Albemarle county, is visiting her schoolmate, Miss Evelyn Garnett.

Miss Cora Wood expects to teach again in the high school here next session.

Mr. Willie Childress has come for a visit to his brother and sister near here, where he can be near a physician.

Rev. John Rogers has been staying at his old home near here.

Mr. John B Henneman, a Buckingham boy, graduated at Hampden Sidney College, getting his B A degree. Mr. Henneman is a grandson of the late R T Hubard and is a bright young man

Your correspondent has 50 acres of land to trade for a new Ford car

Everyone seems to be putting in a lot of peas this time; they are selling for $6 a bushel here. Most people are planting them with a corn planter instead of sowing them.

Fertilizers are considerably lower in price than they were last year.

Granulated sugar was more plentiful the past week, at 28 cents pound.

Glad Mr. Flood had no opposition for the nomination for congress, and there will be no primary. No man in the G O P can come anywhere near defeating him, should the Republicans make a nomination

There seems to be plenty of fish in the streams, but few people have time to catch them

Vera

What has become of all our correspondents? They are too busy to write, I suppose.

We are now having some pretty warm weather; gardens beginning to grow; owing to the cool weather everybody's is late.

Mrs. N F Kyle has returned to her home near Rosebower, after a long visit to her daughter in Lynchburg

Miss Emma Robertson, of Lynchburg, is at home for a few days

Miss Colyer Abbitt has returned home, after a visit to her sister, Mrs. Lilly Casey, in Amherst

Mr. Homer Reynolds, of Lynchburg, was week-end guest of his home people

Mrs. Mary P Coleman, of Lynchburg, has been visiting her niece, Mrs. P B Robertson, and other relatives and friends in Vera neighborhood. She has now returned to her brother-in-law's, Mr. C. S Coleman, where she will spend a few days, and then return to her home.

Mr. and Mrs. T F Coleman were week-end guests of their son, Mr. Leslie Coleman

Mr. and Mrs. R W Abbitt, Mr. and Mrs. D. N Robertson and daughter Annie Virginia, and Mr. and Mrs. J J Chernault were Sunday guests of Mr. and Mrs. Leslie Coleman

Mr. Dabney Anderson took a flying trip Saturday. Guess it was to see his girl

Mr Bur Abbitt was Sunday evening guest of Miss Emma Robertson

For Sale—June 19 at 10 o'clock a. m. Old New Hope church will be put up at public auction at the church

Lawn party on June 19 at New Hope parsonage, near Vera. Proceeds for benefit of new church. Everybody invited, and bring something—such as sandwiches, pies, cakes, lunch boxes for two, and anything that is salable and eatable. Will serve bought cream. All come and help a good cause.

Mrs. T P Robertson and daughters, Mary, Emma and Eulelia, spent Tuesday with her mother, Mrs. C S Coleman

Ford Plant Sells New Motor Fuel

Five thousand gallons of benzol, a by-product of coke used for motor fuel, is now being daily extracted and refined at the Ford Motor Company's blast furnace coke ovens near Detroit, Mich. This fuel, which is more highly combustible than gasoline, is now being sold at a public station at the above named plant, and has proven highly satisfactory. The price at present is about the same as that of gasoline.

While the Ford Motor Company is not the first to discover or use this fuel for motor cars, still the public station is the first ever opened to sell benzol exclusively for motor car consumption. This filling station carries a supply of 25,000 gallons of benzol on hand all the time. To date, some 300,000 gallons have been sold and used by car and truck drivers in Detroit. Particularly during the recent strike there was an exceptionally large demand for this product

Benzol has not as yet reached the highest stage of refinement, and present results are best when it is mixed in equal portions with gasoline. Heat and cold also affect it differently from gasoline. But the Ford chemical laboratory are doing a great deal of experimenting and soon hope to be able to refine it so it can be used alone and under all conditions. Of course, its chief effectiveness comes from its high combustive power, which is between twelve and fifteen per cent greater than gasoline

Ford officials state there is no possibility of benzol ever displacing gasoline as a motor fuel, since it is a by-product of coke and therefore obtainable only in limited quantities

Novel Pencil Holder.

An old fountain pen makes a novel pencil holder and uses up small pieces of pencil which might otherwise be wasted. Remove the cap in which the pen is held and screw the pencil stub in its place. The threads will hold the pencil firmly.

The Value of a Good Banking Connection

There never was a time when you needed the services of a good reliable bank as you do at the present.

Political, Economic, Industrial and general conditions are in chaos. It is hard to tell where to turn. There is a greater need for saving money than ever before. A dollar put by now will be worth three dollars on the return to normal conditions. Think of the opportunities for investment surely coming.

We are prepared to take care of your every banking need and cordially invite correspondence or a personal visit, that we may be able to give you the benefit of our facilities, and advice on the knotty problems of the day.

New Figures

On Tire Mileage

The Miller Tire makers, in late years, have nearly doubled their tire mileage.

In their factory tests made last year no rival tire could match the Miller service.

Miller treads outwore all rivals by an average of 25 per cent.

Large tire users are making million-mile comparisons. As high as 20 rival makes are compared with Millers. Miller Tires have already won many of these tests.

Large Miller dealers, making careful comparisons, find that Miller Tires increase their customers' mileage from 50 per cent to 75 per cent.

It is time to get new figures on tire mileage. Try a Miller, watch the mileage, compare it with the tire that you use opposite.

Hundreds of thousands have in this way come to Miller Tires. And Millers are today the most talked-about tires in America.

Tread Patented

Center tread smooth, with suction cup, for firm hold on wet asphalt. *Geared-to-the-Road* side treads mesh like cogs in dirt.

It's a cinch to figure why Camels sell!

Camel CIGARETTES

You should know why Camels are so unusual, so refreshing, so satisfying. *First*, quality—*second*, Camels expert blend of choice Turkish and choice Domestic tobaccos which you'll certainly prefer to either kind smoked straight!

Camels blend makes possible that wonderful mellow mildness—yet all the desirable body is there! And, Camels never tire your taste!

You'll appreciate Camels freedom from any unpleasant cigaretty after-taste or unpleasant cigaretty odor!

For your own satisfaction *compare Camels puff by puff with any cigarette in the world at any price!*

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend the carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Forming a Partnership With the Son

The demand for increased production and the steady growth of public work are calling for men. This call is being heard and answered by those who are not receiving wages equal to that offered on the public market. This to a great extent is causing a drain on the farm labor; and in too many cases it is the farmer's son that is in the current. Something must be done to keep this son in his place on the farm. But he is not different from other boys; he has that desire to make money, and to accumulate some of the material things of the world. But he should not have to go to the city or public work to gratify this ambition.

If a farmer will stop and figure what he is paying his farm help and the many times a change of help is necessary without other help to draw upon, he will find it well worth while to make his son a partner in his business.

This will have a two-fold effect. First, the father will get the benefit of home grown labor, which is the very best on the market. Second, the son will have the influence and pleasures of home life, and at the same time gratify the ambition of receiving more than just a livelihood. The comradeship between a father and son will be strengthened. The demand for increased production will be met. The son knows the larger the production on the farm, the larger will be his share, and he naturally has an interest in his father's farm that no partner other than a son can have. The father also has the pleasure of helping son overcome the many stacles in life, and maki him into the kind of man will be proud to have fill h place.—Cony Purcell, in Th Progressive Farmer.

COMMISSIONER'S SALE

Of Splendid Residence and Business Property in the Town of Pamplin, Va.

As commissioner of the circuit court of Appomattox county in the chancery suit of Pearl P Trent, &c, vs Laura Beale, &c, I will, in obedience to decree entered in said cause at the June term, 1920, of said court, offer for sale at public auction, on the premises, in the town of Pamplin, Va., at 11 o'clock a. m.

On Saturday, July 17, 1920,

First—Lot fronting 45 feet on Main street of town of Pamplin, and running back 150 feet along cemetery street, adjoining Franklin property, being uniform in width and length

Second—Lot fronting 45 feet on Main street of town of Pamplin, and running back 150 feet, being uniform in length and width, adjoining the residence property of Ligon and the above described lot. There is a large frame garage or storage house on this lot

Third—That splendid residence, garden, and outbuildings, which Mary H Pankey, deceased, occupied during her life time and which adjoins the above described two lots. Said residence lot fronts on street leading to cemetery and is in rear of the two above described lots and contains one and eighty-hundredths (1.80) of an acre. All of said parcels of land are shown and designated by plot of W A Moses, C. E., filed with the papers in this suit.

This is very desirable business and residence property and will be offered in three parcels and then as a whole, and will be sold whichever way produces the highest price

Possession and sale of the property subject to confirmation of the court

Terms—One-third cash on day of sale, the residue on a credit of one and two years' time, bonds bearing interest from day of sale, with interest payable semi-annually, containing waiver of homestead exemption, and title retained until entire purchase price is paid

A. H. CLEMENT, Com'r.

Bond required of A H Clement, com'r. in the above styled cause has been executed with security, as provided by decree

6 16 4w — C W SMITH, Clerk

Savers Are Winners!

It Is Very Interesting

to observe enthusiastic savers. We watch them as they come regularly to the bank to make their deposits. There is on their faces the smile that is peculiar to winners.

Their glory is not alone in the amount they have saved: they know that it is not always easy to save and are proud to have succeeded.

And then there is the fascination of growth! Only those who have really saved know the pleasure of watching a savings account grow.

A growing savings account is something to be proud of!

Certain-teed Roofing Resists Fire

Certain-teed Roofing is fire retarding and spark proof; consequently your fire risk is greatly reduced when *Certain-teed* roofs your buildings.

Burning embers carried by the wind from nearby fires are always a menace to old fashioned, inflammable wood shingle roofs. *Certain-teed* forms a permanent protection against sparks and embers and all such carriers of fire.

Because of the great risk of general conflagrations in congested districts, and of the lack of safe fire protection in the outlying and rural districts you should get this *Certain-teed* protection on your buildings.

In addition to being fire resisting, *Certain-teed* is a most economical roof. It resists all forms of weather attack—rain, sleet, snow, sun, etc. It is guaranteed by the manufacturer for 5, 10 or 15 years, according to the weight you select.

There is a scarcity of many types of roofing products—you can always get *Certain-teed* Smooth Surfaced Roofing, the most economical and serviceable roofing to be obtained.

See your dealer at once. He either has Certain-teed or can get it quickly from a nearby Certain-teed warehouse.

The Hat and Religion.

Jews wear their hats in the synagogues. The Friends also sit covered during the offering of prayers. Formerly the custom in the Church of England was for men to sit covered during the sermon. When Richard Cox, bishop of Ely, died in 1581 the congregation, sitting in the choir to hear the sermon, covered their heads.
